Connect with leaders in the field

Our membership is made up of some of the biggest investors and key players in wind energy and energy storage globally. From strong networks in Europe and the US, our community roots extend across APAC and all around the world.

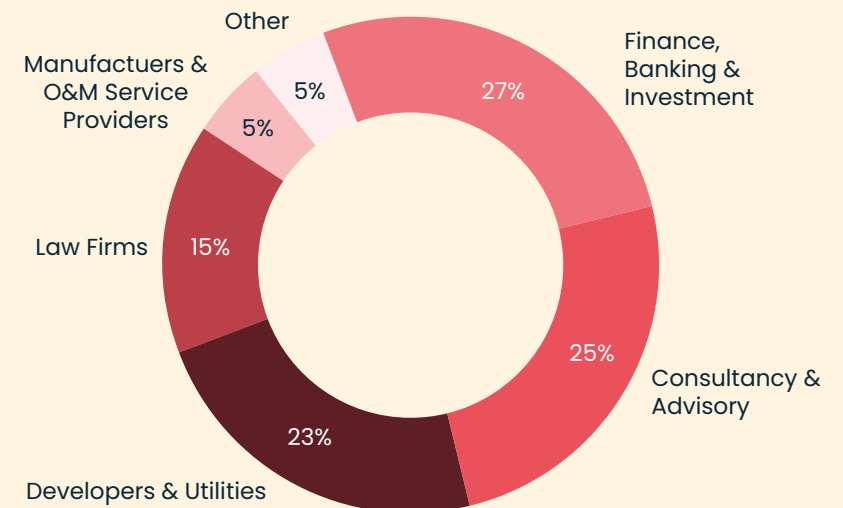

“It is an environmental imperative that we accelerate the deployment of wind and all forms of renewable generation, in Europe and further afield. Bringing together key stakeholders, my hope for this community is that we identify and shine a light on blockers to scale, exploring ways to remove or work around them, to help accelerate the critical transition to a green, clean energy future.

Sam Goss, Head of Investments, Octopus Renewables

Who are our members?

...and where do they work?

Trusted by companies across the sector

Exclusive events

Members benefit from exclusive access to our Financing Wind conferences and complimentary entries to our global Wind Investment Awards programme.

Financing Wind

Financing Wind is wind energy's premier conference series. We bring together the top clean energy financiers and investors and give them the network they need in order to build better, more profitable, more sustainable, renewable energy projects.

You'll make important contacts.

Half of our members are director-level or above. We invite a diverse range of companies, and keep ticket numbers capped. That way, you know that networking will stay focused and helpful to your business.

You'll get answers to the industry's most challenging questions.

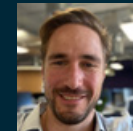

Our editorial team are experts in the wind and finance sectors – so we know exactly how to ask the most relevant questions. And because we only book truly authoritative speakers, you can be sure you'll get valuable answers.

You'll learn from the industry's definitive voices.

Wind Investment Awards

Celebrate your success, raise your profile and get the recognition you deserve at the leading awards programme for wind and renewable energy investment.

[See the 2023 categories](#)

“ The event in the wind industry calendar attended by those influencing the strategic direction of the market and importantly recognising their efforts.

Stephen Jennings, Head of Energy & Structured Finance – EMEA and Head of Sustainable Business Division – EMEA, MUFG

“ Innovative finance and investment strategies will be fundamental to delivering the projects, technologies and supply chain the wind industry needs to drive the growth required to meet and exceed its ambitions. These awards are a fantastic opportunity to celebrate and learn from those leading the way.

Mary Thorogood, Government Affairs, External Relations and Communications Director, Net Zero Technology Centre

Exclusive analysis and insights

Our expanded programme of exclusive content for members launches in 2023. We will be sending out a new monthly finance newsletter, a series of legal and financial reports, and adding more expert interviews to Finance Quarterly, our magazine for wind investors, professionals and executives.

In our content, we will be exploring the rising issue of financial risk. Few doubt that wind is a big part of the solution to today's economic shifts.

Our analysis provides insights as these developments create new opportunities and challenges for projects trying to survive.
